

Trishna heading for Natal SWBF

By A Staff Reporter

BOMBAY, Dec. 19: The Yacht Trishna, which sailed from here on September 28, on a round-the-world expedition, will be reaching Natal in Brazil within ten days, 20 days ahead of schedule.

A defence Wing Press note today said the yacht set sail from the British Ascension Island on Tuesday at 8.30 p.m. to commence this 1,250 nautical miles voyage. So far, they have sailed 7,200 nautical miles from Bombay, which is nearly one fourth of the global voyage.

In Ascension Island, the team was well looked after by the British and the local Indians there. The expedition team went around the Island in a Royal Naval Ship and was impressed by the beauty, the Press note said.
